THE WORKINGMEN.

Their Conference in this City To-day The "Cincinnatt Conference of Work ingmen," announced at Harrisburg in March last, meets at the corner of Fifth and Central avenue to-day at 2 P. M.

and Central avenue to-day at 2 P. M.

The proceedings to-day will be of an informal nature, and the business session of the Conference will commence to-morrow at 8 A. M.

These sessions will be hold daily, from 3 to 12 A. M., from 2 to 6 P. M., and from 8 to 10 P. M., and it is expected that nearly a week will be consumed in the business to be transacted. A large number of delegates have already arrived and are reported at the Henrie House, including Mr. Horace H. Day, the leading spirit in the movement. Reduced railroad rates have been given the delegates to and from the conference.

About two hundred members are expected to be present. The meetings will be strictly private.

The proceedings will be reported by Mr. Henry M. Parkhurst, and will be inaccessible to the press except for the publication of such matter as shall be specially ordered by the Conference.

lication of such matter as shall be spe-cially ordered by the Conference.
Concerning the Conference and its ob-jects the Weekly Worker says: Briefly, its object is to unite all the industrial classes for the purpose of freeing this Nation from political corruption, class legislation, industrial stagnation and eruel oppression.
It proposes to bring a large number of

financial and labor reform into harmonious co-operation—to devise, and unite them on, some general plan of political action that will put the Government of this country into the hands of the industrial millions.

The origin of the movement was manifestly in the brain of Horace H. Day, of New York city. In 1873, he visited many of the representative men among the grangers and other industrial classes, and found them generally in mental bondage to the "hard money" idea, and by conversations, addresses and articles published in the papers, set the greenback ball in motion.

back ball in motion.

He returned and opened a wide cor-respondence with Western labor reformers, for the purpose of bringing about a private conference of leading minds in the movement, at an early day. As his ideas became popular, a few demagogues conceived the idea of capturing him and using him for their own ambitious purposes.

But he was not to be made a tool of. and soon abandoned them to the sore-headed political association in whose interest they were laboring. The culmina-tion was at Cleveland, where the monop-olists and political demagogues were the ruling spirits.

whole "independent" movement, which is only the demagogue's expedient to get the laboring classes to vote him into get the laboring classes to vote him into place and power, where he will serve, not them, but the monopolists and money lenders. Convinced of this, as were most of the honest labor reformers, we find Mr. Day, in March last, at Harrisburg, where he successfully urged his Western plan, of a private conforence of leading labor and fluance reformers.

Town Sites in Tewas.

Our morning contemporaries, having placed themselves in a questionable position through advertising these schemes, made bad worse by blundering in their attempted correction. The arti-cle in Sunday's Enquirer quoted from U. S. census, reports, published in Fri-day's STAR, were transferred from the original Brown County to Grayson. It should have been Statistics of Empire

original brown county to Grayson. It should have been Statistics of Empire City, Brown county, famed for their lava beds.

Of the latter—Grayson county—It was unnecessary to allude to statistics, as there can be no question as to the fertility of the Red river district, but what the Stan insisted upon was that, after diligently Inquiring, by mail and telegraph, no information could be obtained of the ostensible managers of the enterprise known as Mineral City. Neither any satisfactory identity as to this Mr. N. Hosmer. Our reporter interviewed him directly, and the result was Sphinz-like, and smelt of the oder of "Empire City."

Cardinal Manning says the gift of prophecy is not needed to perceive that Europe is on the eve of a bloodier war than has been chronicled in the pagt. The arming of seven millions of men, with a power unequated in human annals, be thinks, can have but one presult.

BEST EVIDENCES OF STAL MERIT. That Dr. Price's Cream Raking Powder and Special Flavorings, Lemon, Vanila, &c., stensed by the Sherman, Tremon, Palmer, Plankington, Kowhall, and all the first-slase Hotels in the West, also by the United States Government, is the best evidence of their right merit. Interpor adults rated manufactures receive ne support from each source. Articles indersed by the best judges in this country, that nothing of the kind ret produced can compare with them in purity and strength, they should be the only once used by housekeepers.

DESCRIPTION OF THE NEW VEHICLE. The Northern-Liberty Charlot Compa ny held a special meeting last Wednes day night to consider the draft of the vehicle made by Mr. Harvey, draughtsman for Abbott, Downing & Co. Mr. Davis submitted the plan, which shows the vehicle to be two feet five inches from the ground to the floor. After some discussion this was reduced two inches, making them the same hight as the floors of the street cars. The body of the vehicle is eleven feet long and six feet wide; two doors at rear opening obliquely; inside finish of perforated wood ash-stained and varnished; glass windows, five on each side, to let down, and blinds; outside shape, octagonal; color, red, white and blue, with gilt lettering, indicating the route. The wheels are Sarven pattern, table springs hung with a T-iron suspension from body, allowing the vehicle to turn within its own length. width between front wheels, three fee six inches; hind wheels, six feet; will seat twenty persons, and cost \$000 each. The route adopted is from the Coast Survey office, past the east side of the Capitol and depot of the Baltimore and Ohio railroad, to K street, up Massa chusetts avenue to Eleventh street as far as O street, up O to Fifteenth street, thence to Vermont avenue to Fifteenth and-a-Half street, thence to Pennsylvania avenue.
